Games We Play

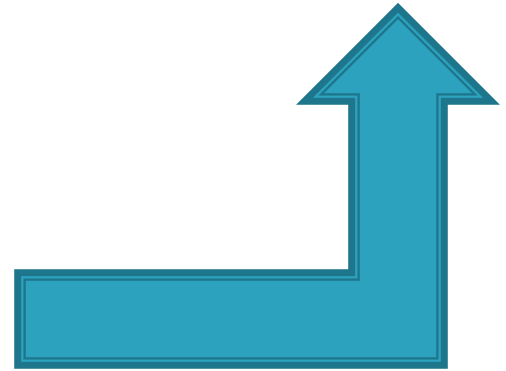

“What’s my name?”

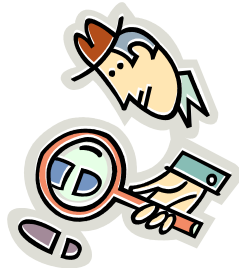

“Red rover, red rover”

“Squeeze the lemon”

Hiding Places

Numerous reasons for not locating DC students:

1. Data Inconsistencies

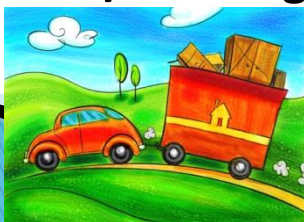

IC	POS	DC File
Smith	Smyth	Smythe

2. Missing SSNs

-Immigrants often do not have an SSN

3. In/Out Migration

“What’s my name?”

Go back to the source

- Follow KDE data standards regarding enrollment of new students
 - <http://education.ky.gov/districts/tech/sis/pages/ksis-data-standards.aspx>
- State what you want: DOB____ / ____ / _____
(Month /Day/Year)
- Highlight the benefits
 - What’s in it for me? (WIFM)

Importing the DC File

Best matching criterion for DC imports:

- 1) SSN
- 2) SSID

Best Advice: Use both

Contact your POS vendor on importing DC file by **both** SSN and SSID

Multiple DC Imports

Issue: Student enrollment is fairly fluid during July/August with newly enrolling students

Solution: Import the July and August DC file every week during these months to identify newly enrolled students as DC

Group Foster Homes

SCN can locate foster children in group homes on a statewide DC foster list

- SCN will return back a list of students from statewide DC foster list

District Assistance

Any district – both large and small – can contact me for assistance with DC importing
